

• Arizona/Tokyo International Symposium 13 Oct. 2008 (Mon)

- Social behavior and life history of small mammals -

Large Meeting Room, International House, Tokyo Metropolitan University,

13:00... Opening Remarks

13:05... Motokazu Ando (Tokyo University of Agriculture)

Habitat preferences of the Japanese giant flying squirrel (*Petaurista leucogenys*) and the Japanese small flying squirrel (*Pteromys momonga*).

13:50... Noriko Tamura (Forestry and Forest Products Research Institute)

Vocalization and sociality of Formosan and Malaysian tree squirrels.

14:50... Karen E. Munroe (University of Arizona)

Life history and behavior consequences of ground squirrel sociality: A test of the social complexity model in round-tailed ground squirrels (*Spermophilus tereticaudus*).

15:35... John L. Koprowski (University of Arizona)

Social and mating systems in North American tree squirrels: conflict between the sexes?

17:00... Banquet

• Arizona/Tokyo Joint Seminar on Small

Mammal Ecology 14 Oct. 2008 (Tue)

- Social behavior and behavior-based conservation biology -

Median Meeting Room, International House, Tokyo Metropolitan University

13:00... Shinsuke Sakamoto (Tokyo Metropolitan University)

Complicated making decisions in territorial defense: dear enemy phenomenon in female large Japanese wood mice.

13:30... Nichole L. Cudworth (University of Arizona)

Mating strategy influences space use in Arizona gray squirrels.

14:00... Reina Takechi (Tokyo Metropolitan University)

Self-learning and cultural transmission of walnut-feeding skills in *Apodemus speciosus*.

14:45... Naoko Matsuda (Tokyo Metropolitan University)

Predation risk and feeding behavior in wood mice *Apodemus speciosus*.

15:15... Rebecca Minor (University of Arizona)

Resource competition between endangered and introduced small mammal populations: a case study from a montane island system.

15:45... Sandy Doumas (University of Arizona)

The return of historical fire: space and habitat use of Mexican fox squirrels.

16:30... Seafha Blount (University of Arizona)

Long-term response of small mammals to fire: endangered Mt.Graham red squirrels in burned forest.

17:00... John L. Koprowski (University of Arizona)

Challenges for the conservation of montane small mammals: implications of disturbance and climate change.

18:00... Banquet

開催場所: 首都大学東京 南大沢キャンパス 国際交流会館

192-0397 八王子市南大沢 1-1 (京王相模原線南大沢駅下車徒歩 10 分)
